

Easy Trace Kits

EASY TRACE KITS are the latest addition to the extensive range of Trace Heating tapes and accessories available from the Cable Services Group. These kits make protecting your pipes from freezing this winter both easy and affordable.

EASY TRACE offers a connect and go system.

Available in pre-terminated lengths of 3M, 6M, 10M and 12M (other metre lengths up to 9M available on request), and supplied complete with:

- Pre-terminated thermostat and end seal
- Fixing tape
- Warning labels

These 240V, 10W / M kits are an easily installed and cost effective way of providing frost protection for pipes in all domestic and small commercial applications.

(Please note that your pipe work still requires insulation).
