

Heat Shrinkable Jointing Systems

1kV - 3.6kV 'Shrink Joint' straight joints for XLPE and PVC armoured cables.

Components

Heat shrinkable, adhesive - coated connector insulating tubing and outer sealing and protection sleeve. AR101 and AR102 contain galvanised steel braid to provide mechanical protection and earth continuity, while AR3, AR4 and AR5 contain a galvanised steel case.

Kit Reference	2 Core mm ²	3 Core mm ²	4 Core mm ²
AR101	1.5 - 16	1.5 - 10	1.5 - 4
AR102	10 - 35	6 - 25	6 - 16
AR3	35 - 95	25 - 70	25 - 50
AR4	120 - 240	95 - 185	70 - 150
AR5	300	240 - 300	185 - 300

Connectors supplied separately.

See the Service Connection products section for LV Utility Joints.
