

furse Solid Copper Earth Plate

Ref	Size (mm)
PE010	600 x 600 x 3
PE020	900 x 900 x 3

furse Lattice Copper Earth Mat

Ref	Size (mm)
PE110	600 x 600 x 3
PE120	900 x 900 x 3

furse Earth Inspection Pits

Concrete Pit

Ref	Weight (kg)
PT005	30
PT050	19
Accessories	
PT006	5 Hole Earth Bar
PT007	7 Hole Earth Bar

Plastic Pit

Ref	Weight (kg)
PT205	1.8
Accessories	
PT004	5 Hole Earth Bar

furse Soil Conditioning Agent

Marconite conductive aggregate added to concrete in place of sand helps produce a reliable earth resistance. COSHH sheet available.

Ref	Bag Weight (kg)
CM025	25

furse Bentonite

Used as a backfill surrounding the earth rod helps with water retention and thus maintain a low soil resistance. COSHH sheet available.

Ref	Bag Weight (kg)
CM015 (Powder)	25
CM015-PM (Granules)	25
