

PF Solvent Power Industry Cleaning Solution

- Residue free cleaning ensures no earth tracking or local hot spots
- High voltage approved (up to 440kV)
- Full resin adhesion to joint surfaces eliminates moisture ingress
- Reduced installation faults ensure maximum cable life
- Designed to IEEE recommendations
- Non flammable - eliminates flammable liquid solvent issues
- Reduces VOC emissions
- Eliminates health & safety exposure problems
- Eliminates liquid spillages and other issues
- Eliminates hazardous transport, storage and logistics

Product Code	Description	Units Sold By
PF/1L-GB/DE	PF 12 x 1 Litre	12 Bottles / Case
PF14AC-GB/DE	PF 12 x Aerosol Cans	12 Cans / Case
PF/250W-GB/DE	PF 250 Wipe	Each
PF/24W-GB/DE	PF 24 Wipe	30 Packs / Case
Triggers	Spray trigger for 1 litre bottle	Each

Applications & Key Properties

- Cable cleaning prior to jointing
- Maintenance of cables, switchgear and network equipment
- Electrical equipment cleaning and degreasing
- Remove oils, soils, tar and bitumen residues
- High voltage approved cleaning solvent & wipes
- High strength, low lint cleaning wipe
- Residue free electrical cleaning solvent
- Low toxicity & odour
- Dielectric solvent up to 39kV
- Non flammable (Classified as combustible)
