

C31 Live Line Indicator

The C31 is designed for use on overhead a.c electrified systems operating at 25kV nominal Voltage to indicate the presence of extra high voltages.

C31 Kit

- Live Line Indicator
- HV Probe and Hook
- 8mtr Arctic Orange 50sqmm Aluflex Lead
- J117 Rail Clamp
- Battery Charger

Product Features

- Dual Independent Circuitry
- Automatic Meter Prover
- Triple Resistor Set

Specification

Range-	0-40kV ac
LED change over-	11kV ± 500V
Test duration-	<25kV 10 mins > 25kV 1 min
Absolute Max. Rating-	40kV ac
Accuracy-	Analogue 2%
Analogue Op. Temp.-	-40c to +70c
LED Op. Temp.-	-10c to +50c
Test Current-	0 200µA
Seal Rating-	Tester body IP65, Probe and gauge IP68
