

LOW PROFILE END SEAL -COLD APPLIED &

The nVent RAYCHEM E-150 is a cold applied low profile end seal. This universal end seal is designed to fit with all nVent RAYCHEM industrial self-regulating heating cables; BTV, QTVR, XTV and KTV meaning simplified product selection and reduced inventory to stock. It can be used in applications with temperatures ranging from -50°C to 215°C. It is approved for use in hazardous areas.

The unique design of the E-150 suits the demanding requirements of the industrial environment. The low profile housing can be installed on pipes and other surfaces. A spring loaded grommet makes a first seal to maintain a water tight connection while the non-curing sealant (silicone free) used in nVent RAYCHEM's core sealing boot adds a second seal, providing additional protection. The rugged construction of the end seal makes it resistant to impact and suitable for high temperature variations and aggressive chemical exposure. The end seal is re-enterable. The E-150 design provides a safe under the insulation end seal that can be relied upon over time.

The end seal requires no heat source for installation, making maintenance fast and easy. Each kit contains all the necessary materials to do one end termination.

DESCRIPTION

Cold applied end seal for use with BTV, QTVR, XTV and KTV heating cables.

KIT CONTENTS

1 end seal enclosure housing

1 sealing grommet assembly

1 core sealing boot

1 identification label

1 installation instruction

DIMENSIONS (IN MM)

PRODUCT SPECIFICATIONS

| Heating cable capability | BTV-CR, BTV-CT, QTVR-CT, XTV-CT, KTV-CT |
|----------------------------------|---|
| Ingress protection | IP66 |
| Minimum installation temperature | −50°C |
| Maximum pipe temperature | Refer to heating cable specification |
| Operating voltage | 277 V |

MATERIALS OF CONSTRUCTION

| Enclosure, end plate, and shim | Engineering polymers, black |
|---|-----------------------------|
| Sealing grommet and core sealer | Silicone rubber |
| Screws, compression spring, reinforcement plate | Stainless steel |

ORDERING DETAILS

| End seal | E-150 |
|-------------|-----------------------------|
| PN (Weight) | 979099-000 (0.3 kg/0.6 lb.) |
